Subject: Disparity between NFSA coverage and total number of beneficiaries on NFSA dashboard – reg.

Madam/Sir,

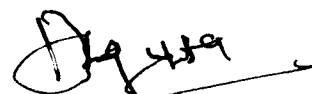

As you are aware , the data of NFSA beneficiaries/ration cards appearing on NFSA Dashboard (<https://nfsa.gov.in>) is being referred by this Department for further submission to concerned divisions and other Ministries/PMO/Parliament Questions, etc.

2. In this regard, as per analysis of NFSA dashboard data of December 2018, it is observed that the number of beneficiaries in some States/UTs is less than the number of persons covered under NFSA. Whereas, the foodgrains are being lifted by the States from Central Pool as per the number of persons covered under NFSA. A State/UT-wise statement showing the gap in the figures is annexed.

3. It is therefore requested that the reports on number of ration cards/beneficiaries appearing on the central NFSA dashboard may be verified thoroughly, and in case of any discrepancies the same shall be reconciled immediately, under intimation to this Department.

Yours faithfully,

Encl: As above.
